NEW JERSEY EQUINE ADVISORY BOARD

**New Jersey Department of Agriculture
PO Box 330 - Division of Marketing and Development
Trenton, New Jersey 08625-0330
609-984-4389 - Phone
609-984-8265 - Fax
Lynn.Mathews@ag.state.nj.us**

The New Jersey Equine Advisory Board was formed in 1961. As its name implies, one of the primary functions of the Board is to recommend horse breeding and development programs to the State Department of Agriculture. However, the Board does much more than advise. Some examples include: encouraging a network of riding trails, sponsoring horse research, promoting the equine industry, sponsoring horse shows and other events, sponsoring breeder awards, establishing the Horse Park of New Jersey and much more!

The Board is currently composed of 52 members representing 14 different breed associations, New Jersey Farm Bureau, New Jersey Horse Council, New Jersey Professional Horseman's Association, New Jersey Agricultural Fairs Association, Eastern States Dressage and Combined Training Association, 4-H Horse Clubs, Horseback Riding for the Handicapped of New Jersey, the Horseman's Benevolent and Protective Association of New Jersey, New Jersey State Board of Agriculture and the New Jersey Veterinary Medical Association.

The funds administered by the Board (a \$325,000 budget in 2007) are used to support their programs and come from a small percentage of the pari-mutual handle.

As the horse industry becomes increasingly important to New Jersey, the Board continues to seek out ways in which to expand its program. When the Equine Advisory Board was initially formed, Ernest Bell, a founding member, expressed the hope that the two key words which would characterize the board would be "aggressive" and "progressive". A look at the record confirms that his hope has been, and continues to be, realized.

HORSE PARK OF NEW JERSEY
P.O. Box 419
Cream Ridge, New Jersey 08514
609-259-0170 - Phone
609-259-0174 - Fax
www.HorseParkofNewJersey.com
HorseParkofNJ@aol.com

The Horse Park of New Jersey represents a unique combination of state government, horse industry, and private not-for-profit groups working together to develop a world-class facility for exhibiting and viewing horses. The Department of Agriculture, the Department of Environmental Protection, the Equine Advisory Board and the Horse Park of New Jersey, Inc. have worked for more than 20 years to acquire the land, design the project, secure the funding and execute the plan. From the beginning, the Department of Agriculture actively supported the concept and was instrumental in acquiring the land and funds to make the Horse Park a reality.

The Horse Park is a 174 acre facility with five outdoor rings, 150' x 300' indoor arena, a show secretary's office, a trophy-computer room, an announcers' control room, 56 camper hook-ups, and a 276 stalls in four permanent buildings.

The Park provides a convenient opportunity for New Jersey residents to enjoy the State Animal, the Horse, at a beautiful versatile, modern facility. It is located in Upper Freehold Township, Monmouth County. They have also developed a two-star and three-star eventing course, which has been used as

the site for the final testing for the Olympics and the Pan-American Equestrian events. The carriage fields have been well developed and have been used for Driving Championships.

Events held at the Horse Park bring an average of three people per horse in addition to large crowds of spectators. The Horse Park boosts the State's economy in two distinct ways. New Jersey equine owners do not have to travel out-of-state to other show facilities, and participation and attendance by out-of-state residents is quite substantial.

The positive economic impact of the Horse Park of New Jersey involves not only the obvious increases in the motel and restaurant businesses but also in all of the ancillary services that exhibitors and spectators require when they are away from home. These include feed, bedding, veterinary services, equipment repair and replacement, hardware, gas, groceries, etc. The Horse Park also provides employment to security and maintenance personnel on a year-round basis.

Additional benefits to the general public include aesthetic beauty, retention of open space, and horse shows to aid charitable organizations.

NEW JERSEY HORSE COUNCIL
25 Beth Drive
Moorestown, New Jersey 08057
Phone - (856) 231-0771 - Fax - (856) 234-1081
E-mail Address - NJHorse@aol.com
Internet Address - www.NJHorseCouncil.com

The purpose of the New Jersey Horse Council is to promote the interests of the entire horse industry in New Jersey through political action, public information, and the development of a close working relationship among individuals and organizations who recognize the importance of the horse industry to the economic, social, and well-being of the State of New Jersey.

The Horse Council, formed as a private association in 1970, was incorporated as a non-profit corporation in 1974. It is not connected with state government in any way, and acts completely independently in serving the interests of its members through lobbying, political and technical assistance to members and the horse industry.

Membership is composed of concerned individuals, commercial organizations, and horse associations who appoint delegates to represent their members. The Council represents owners of all breeds of horses, professional horsepersons, equine journalists, breeders, horse shows, veterinarians, farriers, stables, equine associations, trial clubs, feed and grain dealers and supply companies of all types, as well as others who have equine-related interests.

The Council is an affiliate member of the American Horse Council through the State Horse Councils Advisory Committee, and as such receives their mailings and supports their activities. All legislation, national and state, affecting the horse and horse-related industries, is reviewed and positions taken for or against the proposed legislation. Delegates from New Jersey attend the national meetings of the American Horse Council in order to derive benefit from these meetings for the horse interests in the State of New Jersey.

The NJ Horse Council actively engages in working for legislation, zoning, equine health and welfare, and public education that benefits horses, and horse interests over the years through the expertise of knowledgeable members and contacts.

The NJ Horse Council works closely with Rutgers, the State University, and the NJ Equine Advisory Board (NJ Dept. of Agriculture) in producing an annual seminar, which is held at Cook College early each year. They answer many inquiries related to the industry by mail, phone, or e-mail.

Informational Pamphlets available from the Horse Council.

The New Jersey Horse Council sells:

1. New Jersey Equine Liability signs
2. New Jersey Trail Books
3. Horse Rescue Books
